

WILL WRITTEN IN OWN HANDWRITING

Estate of Late John A. Marshall Will Amount to Between \$300,000 or \$400,000.

[Special to The Times-Dispatch.] Alexandria, Va., May 8.—Written in his own handwriting, on one of his business letterheads, was the will of John A. Marshall, dated November 18, 1912, which was admitted to probate this morning in the Circuit Court for this city, in vacation, and which disposed of an estate variously estimated at between \$300,000 and \$400,000.

The testator makes a bequest of \$20,000 to his wife, Maria Marshall. To his brother, Charles B. Marshall, he leaves his interest in the boot and shoe business conducted at 422 King Street. The residue of the estate he leaves to his four daughters, who qualified as executrices. They are Mary A. Pease, Philadelphia; Margaret E. Marshall, Alexandria; India B. Haggerty, Philadelphia; Inez M. Cook, New York.

A bequest of \$500 is made to R. E. Lee Camp, Confederate Veterans, and \$250 to Miss Vivian Webster, Lorton. Testator bequeathes his watch and chain to his son-in-law, Theodore N. Pease, and his ring to Mr. Pease's little daughter.

The four daughters qualified by giving a bond in the sum of \$250,000. Mr. Marshall's estate consists mainly of real estate, timber land, stocks, mortgages and bonds.

Drops Dead on Train.

Mrs. Lenora Cleveland, a prominent resident of Cambridge, Mass., and wife of L. L. Cleveland, of that place, dropped dead while returning home last night on northbound train No. 35, just as the train was entering the Union Passenger Railway Station. The only one with her at the time was Miss Thornton, a trained nurse, of Montgomery, Ala., who was accompanying her home.

The body was taken off the train, was conveyed to an undertaker's chapel, and to-night was shipped to Cambridge for burial. It was accompanied by her husband, who arrived here late this afternoon. Heart trouble is thought to have caused the death.

Mrs. Cleveland was about forty-five years old and is survived by her husband. She had been in the South all winter for her health and had apparently recovered, and her death caused a great shock to her husband.

James Johnson, colored, shortly before midnight last night, knocked Kate Tate, colored, in the head with a billiard ball and fractured her skull. Tate, it is thought, will die. Johnson was arrested and committed to jail to await the outcome of Tate's injuries.

The time limit for candidates to file notice of their candidacy for participating in the primary which will be held July 8 next expired at midnight to-night.

The Alexandria Motor Boat Club, Incorporated, has awarded the contract for building a wharf and the foundation for its new clubhouse. The contract for the erection of the clubhouse proper will be awarded at a special meeting, which will be held Thursday.

Tendered Position as Superintendent.

[Special to The Times-Dispatch.] Severn, Va., May 8.—Professor A. C. Severn, of Severn public school, in Gloucester, has been tendered the position of superintendent of public schools for King and Queen and King William Counties.

Vice-Winters.

[Special to The Times-Dispatch.] Blackstone, Va., May 8.—A very quiet wedding was solemnized at the home of Mr. and Mrs. C. W. Waters, in East Blackstone, on Thursday afternoon, when their daughter, Miss Leora Annette, became the bride of A. D. Vice, of Moorfield, Ky. Only a few neighbors and the immediate family witnessed the ceremony, which was performed by Rev. L. Peyton Little. The groom is a member of the United States army and is located at Old Point, where they will make their future home.

POLICE CENSUS OF DANVILLE.

Gain of 480 Made in Population Since Government Census in 1910.

[Danville, Va., May 8.—] The result of the police census of the city of Danville, which was ordered by the Common Council and the Board of Aldermen two months ago, was made known yesterday, after the two officers who were in the city to make the census reported that there are 12,500 people in the city of Danville, showing a gain of just 480 over the government census, which was taken in 1910, and which showed 12,020.

Police Officer H. A. Perkins and H. P. Whitfield are the two men who have accomplished the work, and, taking in all, they did it in remarkably good time and in a very careful manner. Not only have they got the exact number of people living within the city limits, but they have also the names of all those who have been vaccinated.

There seems to have been a great falling off of negro residents, especially near the corporation line, a glance of the population of all the six wards, both white and colored.

FIRST SECTION OF ROAD READY.

Macadamized Highway From Bristol to Teeter's Soon to Be Opened.

[Bristol, Va., May 8.—] The first section of the new macadamized road that will connect Bristol with Abingdon is now practically completed, and will be opened this week. The Bristol, Va. city force Monday afternoon joined its section of the road, leading from Massachusetts Avenue to the city, with the section of the road from the city to the point near Dr. Teeter's home, which has been delayed. However, he will be ready probably the latter part of the week. The road will be opened from Bristol to a point near the forks of the road at Dr. Teeter's home, only a short distance from the point where it will go under the Norfolk and Western tracks. The road when opened will be used by all traffic from the main Abingdon road, instead of going by the A. & S. W. Car shop, as it now necessarily does. It is not certainly a road to go around the city, and pay a toll to go through private property, because they are unable to cross the creek near the Teeter home.

SIX MONTHS FOR SHANGHAIING.

Thomas Walsh, convicted in Federal Court on Evidence of Two Boys.

[Norfolk, Va., May 8.—] Thomas Walsh, convicted by a Federal court jury of shanghaiing Walter McJannet, next to be sent to the Federal penitentiary at Leavenworth, Kan., where he will serve a term of six months.

The boys were carried to Hamburg, Germany, on the Dortmund and had the work they were to do on another steamer to Philadelphia, landing there several months ago. The Federal authorities caused the arrest of Walsh, because they were unable to find the man who shipped them on the Dortmund at Lambert's Point to go, they said, not to Hamburg, but to Philadelphia, each to receive \$30 for the coast voyage.

McJannet was the son of a former national bank president of Pittsburgh, Pa., and Cochran came from North Carolina.

The boys had been held in jail here as witnesses against Walsh since their return from the Federal penitentiary. They were released to-day.

ARRANGEMENTS TO BE MADE.

Committee on Celebration of Treaty of Ghent Will Meet Friday.

[Alexandria, Va., May 8.—] John M. Johnson, chairman of the committee having in charge the arrangements for the celebration of the one hundredth anniversary of the Treaty of Ghent, has called a meeting of the committee to meet this morning at 10 o'clock at his office, when a permanent organization will be formed. Various committees will be appointed to have charge of the different features of the celebration. Arrangements will also be made for the entertainment of the envoys here next Tuesday.

HOTEL PROPERTY SOLD.

Dr. Davis Sells Building and Grounds to H. W. Myers.

[Standardsville, Va., May 8.—] Dr. E. D. Davis has sold the Lafayette Hotel property, in this town, to H. W. Myers, for the sum of \$2,100. The building, which is the largest and finest brick structure in the town, was bought by Dr. Davis for a hospital, but for business reasons he sold it to Mr. Myers.

STRUCK BY STUPEFIED BULLET.

Pulaski Driver May Die as Result of Accidental Shooting.

[Pulaski, Va., May 8.—] John Davis, a driver for Robert Buntz & Sons, dealers, was seriously, if not fatally, shot yesterday by a stray 22-calibre bullet while driving his car down a street. He drove a square and a half ton car, and was driving at a fast rate of speed. The bullet entered the left temple and passed through the brain. He was not instantly killed, but he was shot at a distance of about 100 yards from the porch of his home. He was sitting in his wagon, and many who saw him in that position as he passed thought he was fastening his shoe lace, until his team suddenly stopped at the gates and he failed to resume a natural position. It is not certainly known that Miss Morehead fired the shot, but as best can be determined as to her statement and the time of the shooting at rats and the time of the injury they coincide, and no one else has been located who was shooting in that vicinity about the time.

The shooting was purely accidental. Should Davis recover, he will be totally blind. He is a young man with a wife and child, and is not known to have an enemy. No hopes are had for his recovery.

against the point of order, declaring that he was not in favor of the "mischievous makeshift tariff commission proposed by the Republicans." He said he wished to offer a real tariff commission bill.

"The Republican leader," he shouted, "tells you that four years ago, when the Republicans were in power, they were not afraid to go on record on a motion to recommit. No, they were not afraid. Just look at them now."

APPLAUSE FROM DEMOCRATS.

A shout of applause from the Democrats greeted this statement, as Mr. Murdock pointed to the small gathering of Republicans.

Several Republicans tried to interrupt.

"What is before the House?" asked Representative Dyer, of Missouri.

"This point of order," said Speaker Clark.

"Does the Speaker want more information on the point of order from the gentleman from Kansas?" demanded Representative Moore, of Pennsylvania.

"Yes," replied the Speaker, "and for that reason I give him two minutes more."

The Democrats, in high good humor, cheered the Speaker, and Mr. Murdock continued his anti-Republican speech. Representative Fitzgerald, of New York, ridiculed the attitude of the minority in opposing the bill. He said the "most scared political party in his recollection was the Republican party in March, 1909, and it was difficult to

ANGER MARK NOW PASSED

In Condition of Mrs. Hibbs, According to Advices from Morton's Gap.

Morton's Gap, Ky.—"I was taken sick and confined to my room and bed most of the time for ten months," writes Mrs. Louise E. Hibbs, of this place.

"I had ulcers and then a tumor. The second doctor who treated me said the last chance was an operation to remove the tumor, and when the third doctor was called in, he told me it was serious and that it was doubtful if I would recover.

I couldn't consent to the operation, so I decided to try Cardui. When I had taken two bottles I felt better. In two months I could go about and do light house work. Now I feel well and the tumor is gone.

I do heartily recommend Cardui to suffering women. I am sure it will cure."

Cardui acts gently on the womanly organs and has a strengthening effect on the entire womanly constitution. For over half a century Cardui has been successfully used by many thousands of women for the numerous ailments peculiar to their sex, also as a general tonic for building up their strength.

So, if you suffer from any of the ailments so common to women, or if you need a good tonic to build up your strength—don't wait longer, but do as they do—take Cardui. Begin to-day.

It will surely help you, as it has so many others.

say whether Representative Mann, of Illinois, now the Republican leader, or Representative Murdock, of Kansas, now the Progressive leader, was the most scared."

Finally, amid cheers from the Democrats, Speaker Clark sustained the point of order.

How They Voted.

Republicans who voted for the bill were Cary and Stafford, of Wisconsin. Democrats who opposed it were Broussard, Dupre, Lazaro and Morgan, of Louisiana, on account of the schedule reducing sugar 25 per cent and sending it to the free list of the three years, and C. B. Smith, of New York. Progressives who voted for the bill were Kelly and Ruple, of Pennsylvania; Nolan, of California, and Bryan, of Washington. Kent, of California, formerly a Republican, but now an Independent Progressive, also voted for the bill. Progressive Leader Murdock and thirteen of his Progressive followers voted with the minority. Representative Copley, a Progressive, did not vote, answering "present" to his name.

To-morrow the tariff fight shifts from the House, with its overwhelming Democratic majority, to the Senate, where the party's slim majority of six already has been reduced, as far as this bill is concerned, to four. Unless the Senate concurs in the House action, the bill will be lost.

The bill's passage through the Senate will be fought at every step by a Republican organization apparently entirely willing to expend unlimited time and energy in an effort to defeat it. Leaders of the Democrats on the Senate Finance Committee, which will handle the bill, expressed the belief to-night that it would go through in practically the same form as it passed the House, and that their small majority will stand firm to the last.

Subcommittees of the Finance Committee, which have been investigating the schedules of the bill for the last few weeks, plan to make a few changes in several schedules, but wool and sugar and other schedules, which brought out the hard fighting in the House, are not to be touched, according to the present plan. The income tax and administration features also are to stand. Democratic leaders acknowledge that the two Senators from Louisiana will not accept the sugar schedule, and that they might be willing to combine with others to defeat the whole bill.

MARGIN VERY NARROW.

A change of two more Democratic votes would bring about the end of the Louisiana desire. Although there have been talks about the Senate bill, the Democrats stand to allow one more Senator to vote against sugar and another to vote against wool, leaders of the Finance Committee to-day refused to confirm it. Republicans who have canvassed the Democrats who looked at all doubtful agreed to-night that they had but little hope of success. The Republicans are convinced that President Wilson will carry the day, and the party platform will be followed, and that with the exception of the two Senators from Louisiana they cannot count upon a single vote.

The Republican fight against the bill, however, will be continued in vigorous style. Senator Smoot will offer amendments to every schedule in the bill. These will be debated at length and a record vote probably will be required on each.

Senator La Follette is credited with an intention to enter into the fight independently. It was expected he would offer a substitute bill, or at least submit many amendments. He declined to-night, however, to define his position on the Underwood bill, and said he had not decided upon a course of action.

The bill will be laid before the Senate to-morrow and will be referred to the Finance Committee. The first plan of the Republicans was to move that the committee be instructed to hold oral hearings and get a record vote on this question. This plan has been abandoned and no attempt will be made to-morrow to order hearings. The Finance Committee, by a strictly party vote, already has turned down a proposal to hold hearings, and Chairman Simmons said to-night it would be beaten again if Republicans insisted upon bringing it up in the Senate.

The Finance Committee has been considering the bill ever since its introduction in the House. Chairman Simmons had hoped to be able to report it from the committee in two weeks from to-morrow, but he now thinks it cannot be reported within three weeks, even if hearings are not held. Opinion in the Finance Committee is that at least five weeks will be spent by the Senate in consideration of the bill after it is reported. In conference the Senators do not expect much time to be lost, and they hope for a final agreement not later than August 1.

DANIELS AMazes STAFF.

But Officials Study the Map and Laugh Is "On Them."

Washington, May 8.—Please have the Petrel at Panama City by May 17, was an order received at the Navy Department from the Secretary of the Navy, who is inspecting the naval stations in the South. The acting Secretary of the Navy, Franklin D. Roosevelt, and other officials at the Navy Department, were amused at the Petrel's little air and a little calculation disclosed that it would take her weeks to reach Panama City, Panama. They had visions of the little Petrel going "around the Horn" at a rate of speed they imagined by naval constructors if they complied with the order.

It finally occurred to Mr. Roosevelt to scan the map for the other Panama City, and he found a perfectly regular port of that name on the coast of Florida. The joke was that on the department rather than on Secretary Daniels.

JAIL RESpite FOR AVIATOR.

Free Three Months to Provide for Family During His Imprisonment.

Des Moines, Iowa, May 8.—Earl Lindsey, an aviator, flying under the name of Earl Warrmouth, who has been sentenced to life imprisonment for the murder of a woman at Colfax, Iowa, has obtained three months in which to provide for his family.

PSYCHE KNOT SAVES LIFE.

Woman's Hair Impeded Bullet Fired by Husband.

Boston, May 8.—William Mahoney shot his wife in the head at 21 Spring Street, Cambridge, and then ended his life. Returning home at 1 A. M., Mahoney found the door locked. When he opened it, he found his wife lying on the floor. He entered and fired at his wife. The bullet struck Mrs. Mahoney in the back of the head, and was impeded by her hair, which had been done up in a knot. The shot penetrated her scalp, but her Psyche knot is believed to have saved her life. At the hospital it was said she would probably recover.

GIRL HERMITS FASHION.

Runaways Found After Week of Hunt Diet.

Wilkesbarre, Pa., May 8.—Running away to lead a hermit life, Florence Garland, sixteen years old, and Elizabeth Grex, sixteen, neighbors in Wilkesbarre, Pa., were found in the mountains near Plymouth, nearly starved after a week's experience with herbs and roots. The girls had been in the mountains when found, and were brought here to be held until their parents arrive. Police men found the girls in a hut of their own construction after they had been informed of the girls' presence on the mountain. The girls left Scranton one week ago, running away from home. They bought tickets to Plymouth, and upon reaching there decided to become hermits. They journeyed to the mountains, built a hut, and lived on branches and waste wood and then discovered that they were forced to feed themselves on herbs and roots. Both were much afraid, and while one slept the other remained on guard at the door of the hut.

SUDDEN LOVE TOO SWIFT.

Woman Would Kiss, but Goes to Jail for Thirty Days.

Philadelphia, Pa., May 8.—Approaching James Mannix, of the Broadway, while he was walking along Cherry Street near her home in Camden, Marie Everett threw her arms about his neck and said: "I can't help it. I'm in love with you." Mannix felt differently, and when the girl wanted to plant a kiss on his lips he called her a vulgar creature and called her a slut. The Police Court on a charge of disorderly conduct, sentenced her to thirty days in jail.

RANCH SOLD FOR \$3,500,000.

Record Land Deal Recorded in Northern Mexico.

Laredo, Tex., May 8.—The largest land deal in the history of Northern Mexico was closed here when T. A. Coleman, of San Antonio, Mexico, in the State of Nuevo Leon and Coahuila, comprising 130,000 acres and \$3,500,000 of live stock, for \$3,500,000. Eastern capitalists are interested in the deal.

Kill Cattle Near Target Ground and Make Ranchers Nervous.

San Diego, Cal., May 8.—Charging that shells from the United States cruiser killed stock on Rancho of Rosario, H. E. Manser, one of the owners, has indicated that an attempt to collect damages will be made. Manser declares that during the last target practice of the Pacific fleet shells landed on the ranch, killing several animals. "I don't say the shells were very nervous," he says, "but they have the shells and that's larger one passed very close to the ranch house."

"I LOVE YOU," THAT'S ALL!

Conversation of Bride and Groom Limited to Trio of Words.

New York, May 8.—Miss Alvena Amador, of Freeport, L. I., married recently Gerard Nunez, a wealthy importer, with offices in Berlin, Germany, and in Cartagena, Colombia, where he made his home. They sailed on the United Fruit Company's liner Almirante for Cartagena, where they were married. "I love you," he said in Spanish, but it's enough, and we are going to be very happy," said Mrs. Nunez.
